Rural Utilities Service

TITLE: 7 CFR 1726, Electric System Construction Policies and Procedures - Electric

OMB CONTROL NUMBER: 0572-0107

SUMMARY OF COLLECTION: The Rural Electrification Act of 1936, 7 U.S.C. 901 et.seq., as amended, (RE ACT) in Sec. 4 (7 U.S.C. 904) authorizes and empowers the Administrator of the Rural Utilities Service (RUS) to make loans in the several States and Territories of the United States for rural electrification and the furnishing and improving of electric energy to persons in rural areas. These loans are for a term of up to 35 years and are secured by a first mortgage on the borrower's electric system. In the interest of protecting loan security and accomplishing the statutory objective of a sound program of rural electrification, Section 4 of the RE Act further requires that RUS make or guarantee a loan only if there is reasonable assurance that the loan, together with all outstanding loans and obligations of the borrower, will be repaid in full within the time agreed. RUS will collect information using various RUS forms.

NEED AND USE OF THE INFORMATION: RUS will collect information to implement certain provisions of the RUS standard form of loan documents regarding the borrower's purchase of materials and equipment and the construction of its electric system by contract or force account. The use of standard forms and procurement procedures helps assure RUS that appropriate standards and specifications are maintained; agency loan security is not adversely affected; and loan and loan guarantee funds are used effectively and for the intended purposes. The information will be used by RUS electric borrowers, their contractors and by RUS. If standard forms were not used, borrowers would need to prepare their own documents at a significant

expense; and each document submitted by a borrower would require extensive and costly review by both RUS and the Office of the General Counsel.

OMB CONTROL NUMBER: 0572-0121

SUMMARY OF COLLECTION: Section 306 of the Consolidated Farm and Rural Development Act (CONACT), 7 U.S.C. 1926, authorizes Rural Utilities Service (RUS) to make loans and grants to public entities, federally-recognized American Indian tribes, and nonprofit corporations. The loans and grants fund the development of drinking water waste water, solid waste disposal, and storm wastewater disposal facilities in rural areas with populations of up to 10,000 residents.

NEED AND USE OF THE INFORMATION: Rural Development's field offices will collect information from applicants/borrowers and consultants to determine eligibility and project feasibility. The information will help to ensure borrowers operate on a sound basis and use loan funds for authorized purposes. There are agency forms required as well as other requirements that involve certifications from the borrower, lenders, and other parties. TITLE: Servicing of Water Programs Loans and Grants

OMB CONTROL NUMBER: 0572-0137

SUMMARY OF COLLECTION: Authority for servicing of Water Programs Loan and Grants is contained in Section 306e of the Consolidated Farm and Rural Development Act, as amended. The information collected covers loan and grant servicing regulations, 7 CFR Part 1782, which prescribes policies and responsibilities for servicing actions necessary in connection with Water and Environmental Programs (WEP) loans and grants. WEP provides loans, guaranteed loans and grants for water, sewer, storm water, and solid waste disposal facilities in rural areas and towns of up to 10,000 people.

NEED AND USE OF THE INFORMATION: The Rural Utilities Service will collect information using various forms. The collected information for the most part is financial in nature and needed by the Agency to determine if borrowers, based on their individual situations, qualify for the various servicing authorities. Servicing actions become necessary due to the development of financial or other problems and may be initiated by either a recipient which recognizes that a problem exists and wished to resolve it, or by the Agency. If a problem exists, a recipient must furnish financial information which is used to aid in resolving the problem through re-
